The technology of Kundalini yoga was brought to the West by Yogi Bhajan. Its aim is to maintain and tune up the human body to achieve peak performance at every age and stage of life. Among its effects are: an awakening of the ten bodies; automatic endurance in the body; balancing the vayus; energizing the system; accustoming the body to stress and strain; finding the cause of sickness; working on the lower spine; enhancing circulation and energy; relieving inner anger; empowering the brain; overhauling the nervous system; using the left and right hemispheres of the brain; achieving mental balance; cleansing the colon; removing stress; toning the liver and kidneys; making the skin radiant; maintaining the spleen; achieving equilibrium in the stomach; tuning up the glandular system and inner organs; building stamina; balancing the pineal, pituitary and hypothalamus glands; and a complete workout of the total self.
